Instructions for easy Poekie Travel Bag*
(Time to complete: twenty minutes)

Materials needed:
• Paper for your printer • Ruler • Scissors • Fabric   • Marker or pen for tracing • Pin • Needle • Thread
• Cord or Ribbon optional

How to make it:
For an experienced Poekie maker this is easy to make. After printing the pattern,*2 just follow the steps:
• Take a letter-size sheet of paper and cut the bottom corners round as shown on the pattern.
• Place your bag pattern on an edge on the wrong side of your fabric,*3
• Trace around the pattern.
• Cut ON the lines you traced.
• Repeat the tracing and cutting so that you have two pieces of cut-out fabric.
• Put the two bag pieces exactly on top of each other with the right sides together (pen-marks on the outside), and stick a pin in it.
• Get a needle and thread*5 and tie a knot at the end.*7
• Sew back-stitch*6 along the striped line as marked on the pattern.
• Tie a knot when you get to the end of the line, and cut the thread.
• Snip eight holes below the top opening edge.
• Take thin strip of fabric, or a cord or ribbon, and weave it in and out the six top holes.
• Put your Poekies and/or Poekie things in the bag, tie the ends into a nice bow and you're done!

I can't wait to see what you've made at home and let me know if any part of these instructions is confusing!
With love from the Poekies,
sophia
