

## Poekie Maypole Craft and Play

Small Poekies are about 4-5" tall. If you don't have Poekies, you can use other stuffed animals, just make sure to adjust the length of the stick and ribbons to fit their height.

Needed: Green fabric for grass, tape, play-dough, 14" long stick, 4 ribbons 1/4" wide, 4 colors tissue paper, small plastic deli can.

Cut ribbons 16" long. Tape to top of stick.

Cut tissue papers 10" long, and max. 4" wide.

Fold tissue strips like an accordion.

Tape flower around top of stick and place in can filled with play-dough.

Cover the base with grass, tape the ribbon ends to your Poekies and tell them to hold on as tight as possible.

Help them walk around the stick, because Poekies love to decorate their Maypole!
